Hi Martin: I had a good phone call with Cindy Cody about some potential to better merge Superfund Revitalization and Sustainable Communities programs. I would like to fill you in on my thinking for the two new sites in Montana: Smurfit-Stone/Frenchtown and CFAC/Columbia Falls. Cindy and I then talked about putting a small team together to discuss ways to move redevelopment forward more quickly in these communities while we are initiating the enforcement work.

I will give you a call at your desk. Julie
